## **PanTerra Networks Receives Second Consecutive Red Herring Recognition**

*Red Herring 2011 Top 100 Tech Start-ups is an industry recognized barometer for private businesses in their respective industries.*

**SUNNYVALE, CA, September 27, 2011** -- PanTerra Networks ([www.panterranetworks.com](http://www.panterranetworks.com)), the leading provider of cloud-based Unified Communications Solutions for small and mid-sized enterprises, announced today it has been included in the top finalists list for the Red Herring's 2011 Top 100 North America Tech Startups List. Red Herring has recognized PanTerra for its progress two consecutive years. This finalist group of 200 companies is the short list of finalists for the Top 100 North America award deemed the most innovative companies from a pool of private companies from across North America. The Finalists are evaluated on both quantitative and qualitative criteria, such as financial performance, technology innovation, quality of management, execution of strategy, and disruption into their respective industries.

Alex Vieux, publisher and CEO of Red Herring said, "The global economic situation has abated and there are many great companies producing really innovative and amazing products. We had a very difficult time narrowing the pool and selecting the finalists. PanTerra shows great promise and therefore deserves to be among the Finalists.

Arthur Chang said, "We believe the inclusion of this group reflects PanTerra's continued effort to delivering the most comprehensive cloud-based Unified Communications solution while delivering a superior customer experience. Our increasing client list is a result of these commitments.
