

## **PanTerra Networks Wins 2014 Cloud Computing Storage Excellence Award**

### ***SmartBox Honored for Innovation***

**SANTA CLARA, Calif. – Oct. 6, 2014** – [PanTerra Networks](#), the leading provider of unified cloud services for mid-market enterprises, today announced that [TMC](#), a global, integrated media company, has named [SmartBox](#) as its 2014 Cloud Computing Storage Excellence Award winner presented by TMC's [Cloud Computing Magazine](#). The Cloud Storage Excellence Award recognizes companies that have introduced or improved cloud storage solutions for their customer base. Previous winners of the Storage Excellence Award have included Citrix and Accellion.

"More and more companies today are transitioning their data into the cloud and are increasing the use of cloud communication services in the workforce," said Arthur Chang, CEO of PanTerra Networks. "Having a dependable service that allows you not only to securely store and share your data in the cloud, but also to instantly communicate with the people you've shared content to is a must-have for today's mid-market enterprise. It's an honor to receive this award from TMC; this continues to validate the need for a comprehensive unified cloud solution."

WorldSmart SmartBox significantly improves upon cloud store, sync and share services, which have been available as separate offerings for several years. With built-in real-time unified communications features, SmartBox provides audio/video calling, conferencing, secure IM/presence, call center capabilities and full web meeting collaboration delivered with consistent ultra-high service attributes. By deploying full end-to-end management of its cloud services, last-mile bandwidth and associated networking equipment, PanTerra Networks delivers superior service attributes far exceeding industry averages. Those superior attributes include availability, reliability, security, scalability, QoS, Service Level Agreement (SLA) and support. These attributes ensure optimal performance while guaranteeing complete IT peace of mind.

"Congratulations to PanTerra Networks for its ability to show maturity and expansion of the cloud storage market through innovation and product quality," said [Rich Tehrani](#), CEO, TMC. "We are pleased to present SmartBox with a Cloud Storage Excellence Award for its commitment to advancing cloud storage solutions."

### **About PanTerra Networks**

PanTerra Networks is a unified cloud service provider, delivering WorldSmart, its family of secure, ultra-reliable, future-proof unified cloud services. WorldSmart includes SmartBox, the world's first file sharing service that communicates. It also includes CloudUC, a complete unified communications service that can upgrade and replace an enterprise's existing communications infrastructure with a next-generation cloud-based communications service. With PanTerra's unified cloud service solution, enterprises gain the highest levels of security, scalability,

reliability, availability, quality of service, service level agreement and support available while significantly lowering their total cost of operations and IT administration complexities. PanTerra Networks solutions are available through a global network of channel partners.
