Education Industry Vertical

PanTerra Networks is a unified cloud service provider, delivering its family of secure, ultra-reliable, future-proof solution for SMB and Mid-market enterprises. PanTerra includes **Streams**, a complete unified communications and collaboration service. PanTerra also includes **SmartBox**, the world's first communications-enabled file sync & share service. All PanTerra services can be self-managed by customers or authorized partners, or subscribed to as a fully-managed service with **Sentra-Cloud**. With PanTerra's unified cloud service solution, enterprises gain the highest levels of security, scalability, reliability, availability, quality of service, service level agreement and support available, while significantly lowering their total cost of operations and IT administration complexities.

PanTerra provides the best of all worlds for the education industry with its outsourced complete unified communication service. Our customers benefit from unique PanTerra industry leading service benefits, such as no capital required service model, no long term service contracts requirements and all inclusive communication services eliminating on site IT staff requirements. With PanTerra, you can get all your communications and IT staff from one vendor.
